4. No track meets should be scheduled after end of school year.

Tournaments

For all St. Charles tournaments, two volunteers are needed at all times for concessions, one for admissions, and one for gym supervision. Scorers, because they are volunteers, are not paid for tournament games. The Coordinator of each sport will work with the Concessions

Coordinator to make sure that these positions are staffed properly. The parents of the athletes participating in the tournament will be called upon when their son or daughter is not performing to participate in helping stage these areas of help. The Athletic Director will make introductions of teams, opening remarks of the tournament, and hand out awards to coaches and teams, or delegate someone else in his absence to do so. Scorers/scorebook volunteers must be high school age or older.

***All parents of student athletes at St. Charles are required to help at the tournament that their son or daughter competes in. A list of sign-up sheets will be available so that we do not conflict with work schedules etc. NO Exceptions.

CYM Program Guidelines

Athletic Banquet and Awards

Each year in late May a location will be chosen to have our awards banquet. At that time the student-athlete and parents are welcome to attend this banquet. Each coach will be given a time allotment to talk about his/her team as well as present individual awards.

Problem Solving Procedures

Hopefully, any problems that develop regarding athletics can be resolved quickly and amicably for all parties.

The Athletic Staff urges parents to discuss personal concerns with the coaches before seeking help from sport coordinators or the Athletic Director.

1. If a problem should arise with regard to any aspect of the sports program, players and parents should first discuss them in detail with the coach involved. This should be done at a mutually agreed upon time and place. The issues/concerns of the parents should be documented in writing and provided to the coach ahead of time so he has sufficient time to formulate a response. The coach has the responsibility to alert the Athletic Director of the problem. Most problems can be resolved through discussions among players, parents, and coaches.
2. If after such meeting with the coach, parents feel that their concerns have not been resolved, they should bring their problem to the director of the sport in question.

3. If no resolution can be attained at this point, they should bring the problem to the Athletic Director for resolution.
4. If no resolution can be attained at this point, they may petition, in writing, to the SCAA Board Members outlining their grievance. At this time, the SCAA Board Members will take the grievance to the Youth Ministry Director with a recommended resolution and the Youth Ministry Director will give direction on how to proceed. This decision will be final.

Suggestions

If you have suggestions or ideas on how St. Charles Athletic Programs can be improved or enhanced, please share your suggestions with the Athletic Board members. We welcome your suggestions and as always, your help as a volunteer.

If an idea is not used, please do not conclude that it has been dismissed without consideration. Frequently, the experiences of other schools and parishes help determine the benefits and drawbacks of suggestions that are submitted.

Almost anything can be accomplished given the time, money, and personnel. Like other parishes we are limited in all three areas. We must take these limitations into consideration when formulating a practical, productive, and worthwhile athletic program.

Amendments

This Handbook will be amended automatically by changes in the Archdiocese of Milwaukee Policies and Regulations for Athletics.

Policies included in this Handbook may be amended by proposals submitted to the Youth Ministry Director for approval.

All policies in this booklet or any to be added must be approved by the Youth Ministry Director.
